ESSENTIAL JOB FUNCTIONS

Essential job functions are the fundamental duties of a position: the things a person holding the job absolutely must be able to do.

To actively support and uphold the City's stated mission, vision, and values. To coordinate, monitor, and manage the development of facility improvement projects scope and schedules; prioritize facility deficiencies; and manage project coordination with all involved department representatives, vendors or internal staff.

OTHER DUTIES AS ASSIGNED

Please note this job description is not designed to cover or contain a comprehensive listing of all activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

- Identify and establish preventative maintenance programs utilizing work orders on the computerized work order system and asset management program;
- Manage and coordinate construction projects and tenant improvements at city facilities;
- Acquire project estimates and review costs;
- Update and maintain asset management program with asset lifecycle changes;
- Provide recommendations to staff and/or management for possible actions or efficiencies;
- Coordinate with city staff and city vendors in compliance with Procurement policies;
- Assist in preparation and monitoring of Facility's CIP budgets;
- Maintain data in various computerized systems and accurate records of work performed, materials used and associated work;
- Perform related duties as assigned.

PHYSICAL DEMANDS AND WORK ENVIRONMENT

- Lift heavy objects (up to 50 lbs.);
- Operate city vehicles;
- Climb stairways, ladders, and work on elevated structures;
- Traverse uneven surfaces;
- Operate computers, calculators and other office machines (using repetitive hand/eye movement);
- Work out of doors in inclement weather (during site visits);
- Exposure to heat, cold, dampness, dust, pollen, odors, fumes, etc.;
- May work alone for extended periods of time.
